NOTABLE GATHERING

In Wheeling to Organize a West Virginia Branch of

THE SONS OF THE REVOLUTION.

Judge-Hagans, of Morgantown, is the Prime Mover in the Matter-A Preliminary Meeting was Held Last Evening-Officers Will be Elected This Morning-Something About the Order.

West Virginia is to have a state organization of the order, Sons of the Revolution; it will be born to-day, and Wheeling is to be the birthplace. Yesterday a delegation of applicants from the interior of the state arrived, and are at the McLure. They held a preliminary meeting last evening, and this morning the organization will be ef-

Judgo J. M. Hagans, of Morgantown, is the prime mover in the movement to organize a stat. society of the order. Heretofore all members in West Virginia have been attached to the Pennsylvania branch of the society. Those who will form the new branch this

who will form the new branch this morning are the following gentlemen: Judge J. M. Hagans, of Morgantown; Messrs. C. M. and J. B. Hart, of Clarksburg; Dr. John Daily, of Piedmont; Mr. W. C. McGrew, of Morgantown; Hon. John Bassill, of Clarksburg; Colonel Henry Haymond, of Clarksburg; Mr. T. M. Juckson, of Clarksburg; and Mr. John G. Gittings, of Clarksburg, and Mr. John G. Gittings, of Clarksburg.

After some preliminary business has been done the following officers will be elected for the West Virginia society: President, vice president, secretary, treasurer, registrar and historian, and a board of managers. A city not yet decided on will be selected as the headquarters—probably the place of residence of the secretary. To-day in addition to being the natal day of the society is the anniversary of the battle of Lexington, the first conflict of arms between the Massachusetts colonists and the soldiery of George the Third, of dillows means.

of Lexington, the first conflict of arms between the Massachusetts colonists and the soldiery of George the Third, of odious memory. There will be no local organizations of the society in the state; only the one central body, which is to meet at least once a year.

The Sons of the Revolution should not be confounded with the Sons of the American Revolution, the difference between the two being that while membership in the latter only requires collateral descent from a soldier of the Revolution, the former requires lineal descent. The Sons of the Revolution was organized in 1850, with three state so-cleties, Maryland, Pennsylvania and New York, and since that time, Georgia, District of Columbia, Massachusetts, Iowa, North Carolina, Colorado, California, Minnesota, Ohio, New Hampshire, Missouri, Illinois and Connecticut have formed similar state organizations, and now comes West Virginia.

The Ferry a Success.

The Island ferry seems to be a pretty good investment, aside from the advantages it offers to the Island residents in the way of cheap tolls. The monthly expenses will not reach \$600, yet, this month, up to the 15th, the receipts exceeded \$850 ceipts exceeded \$800.

Temple Out on Bab.

Yesterday Harry Temple, or Chevalier, or Griffith, the alleged bigamist who was convicted and got a new trial, was released from jail on \$1,000 bail. His employers secured the bond, so as to have him complete the contract for several sets of scenery he is to paint for them.

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

The Martin's Ferry board of education met last night and examined drawings for the new high school building made by C. H. Ousley, of Youngstown, George D. Griffin, of Wheeling, and Yost & Packard, of Columbus. The latter were shown by Luther Lawis of Martin's D. Griffin, of Wheeling, and Yost & Packard, of Columbus. The latter were shown by Luther Lewis, of Martin's Ferry, who is employed by this firm. The board did not reach a final conclusion at this meeting. A letter has been received from James B. Bailey, of Pittsburgh, who wishes to make plans. The board has not only examined those above mentioned but the drawings of Leiner & Faris, Charles Hamilton, Franzheim & Giesey, and Mr. Henigst, of Wheeling, and Mr. Thomas Green, of Martin's Ferry. Most of those submitted are for buildings costing about \$30,000, several with tower and town clock. Several architects say that the building could be completed before the first of April. It is the intention of the board of education to have the building erected as soon as possible, consistent with a good job, and not rush it through regardless of the kind of work. Plans will be selected soon, and the contract let in the near future. Unless specified, the time of the completion of the contractor. It seems that it will be next to an impossibility to have the new building ready for occupancy by November 1.
